

● THINKING WITH AI

AI didn't replace us. It changed how we think.

Workshops that get teams past the hype — and into AI workflows that actually hold up.

THE WORKSHOP

How to think with AI

Half-day → multi-day · creative & product teams · hands-on, with your real work

We help you find the right place for AI in your team's workflows — then build the prompts, habits and judgment that make it stick.

● AI workflows

● Advanced AI

● MidJourney & visual tools

● Prompting

● When to trust it — and override it

from \$5k

SCOPED TO YOUR TEAM

"The tools we design, design us."

We use these tools every day. From business to art, personal work and professional, both out of curiosity and a desire to stay up to date.
